

U. S. CONGRESS.—In the Senate yesterday, Mr. Lane, of Kansas, introduced a bill prohibiting the sale of gold at a higher price than prevails in the regular market at New York for United States bonds bearing 6 per cent. interest in gold, except for transportation abroad to pay debts. Mr. Anthony offered a resolution, which was adopted, instructing the Military Committee to inquire whether any obstacles have been thrown in the way of the egress of negroes not subject to military duty, and if so, by whom and by what authority of law. Mr. Sumner offered a resolution, which was adopted, for the appointment of a select committee to take into consideration all matters in relation to slavery and the "freedmen," and report by bill or otherwise. The resolution to expel Senator Davis, of Kentucky, was taken up, and occupied the Senate until its adjournment. In the House of Representatives, Mr. Wilson reported the joint resolution of July, 1862, to punish treason and rebellion, to confiscate estates, etc. It proposes that forfeitures shall not extend beyond the life of the offender, and that the Proclamation of July, 1862, shall be a sufficient warning in all cases now pending, or which may hereafter arise. A bill was reported for the establishment of a bureau of freedmen's affairs. A resolution was adopted instructing the committee on ways and means to inquire into the expediency of repealing the duty on paper.

In the Maryland House of Delegates yesterday a resolution was presented, and adopted by a vote of fifty in favor to fifteen against setting forth that the policy of emancipation should be immediately inaugurated in that State, and further that the adoption of the resolutions by the Legislature is a declaration on the part of the State that the call for a constitutional convention will be submitted to the people as soon as practicable, so as to give them an opportunity to carry such policy into effect.
